Special Focus on Poultry

Poultry is one of the fastest growing segments of the agricultural sector in India today. The poultry sector has shown major growth in the food and agriculture industry worldwide. Demand of milk, eggs & meat is increasing day by day with growing human population. Producers of milk & eggs are working on improving efficiency of their production & trying to expand their operations. New investors & entrepreneurs are working entering into dairy and poultry industry as there is a huge potential.

“Poultry Expo”, an exclusive show is being organised parallel to AGRI INTEX. Poultry is a great platform for companies to showcase their technologies to their existing customers & new prospects. This event is wide forum with valuable information about Poultry Industry, Feed Equipment's, Technology, Breeders, Egg farming, Poultry Nutrition & etc. It also offers latest advances in Poultry Research, Science & Technology like cages & milling importance.

Why Visit POULTRY EXPO

- Identify new technologies
- Understand the best practice
- Develop new suppliers/Channel Partners
- Source new materials
- Discover new business opportunities
